

# Environmental Fact Sheet

Updated: August 2009

## PRODUCT

# COURIER

## DESCRIPTION

Is an outstanding multi-purpose range of watermarked (random) and unmarked business papers at highly competitive prices. Courier wove has the smoothness of a conventional wove finish for a high quality corporate communications. Courier laid is a finish for those who require the professional feel of a traditional laid sheet. The laid lines are on the reverse side of the sheet and this enables it to be guaranteed for laser, inkjet and copier machines both mono and in colour (excludes 300gsm).
